Here's the statement:

Customer Open-Carry and Concealed-Carry of Pistols and Revolvers in Cabela's Retail Stores

Cabela's company policies are intended to be aligned with applicable federal, state and local laws. Accordingly, each store location has adopted policies to comply with the laws governing the state, county and city in which the store is located.

With respect to the issue of open-carry and concealed-carry of firearms by customers – it is Cabela's general policy to allow customers to carry a pistol or revolver within Cabela's stores if the customer is permitted to do so in accordance with applicable law; provided such firearm remains safely holstered while the customer is on Cabela's property, and the activities of the customer do not raise safety concerns or otherwise interfere with Cabela's business activities.

If a customer brings a firearm on Cabela's property for purposes of repair, appraisal, evaluation, sale or any other purpose that will require the customer or someone else to handle the firearm or remove the firearm from a holster, the firearm must be checked in with store personnel, safely unloaded and fitted with a trigger lock.

Cabela's supports responsible gun ownership and is committed to providing a safe family shopping environment. Accordingly, Cabela's reserves the right to implement firearm safety procedures within its stores as Cabela's deems appropriate.

Let me know if you have any other questions.

Joe Arterburn
